THE decision of the Supreme Court is the case of J. H. Behan, for salary, seems to be in direct conflict with the decision of the same court in Mr. Cheyney's case. In fact, the Behan case has far less to favor it than has the Cheyney case. The court decides that Mr. Behan was never legally appointed, office at his own risk and that the salary was granted because of good faith on Behan's part. The Governor of the San Francisco and raised to the lived in that he was no longer Superintendent of nearly all his fortune. Twelve or four the Prison and that his pay stopped from that date, and that his legal successor had been a projected. Up to this date a victim of Bright's disease for many Mr. Behan had been paid: How, after of death. Several weeks ago he took a this official notice, the court could find that Mr. Behan acted in good faith, is one of the curiosities of law, that is far too deep to be preferred by the residence of Y W. one of the curiosities of law, that is far day morning, at the residence of J. W. too deep to be understood by the layman's mind. Mr. Ingalls had been official authorized by law to appoint. The proper legal authority had notified Mr. Behan that he was no longer Superintendent and that he would not be paid. And yet the Supreme Court says that Behan acted in good faith, when as a matter of fact it is of official record, and the record was before the court, that from the time his salary was refused Behan had been holding by force and against the direct and official notice of the Governor, with whom the court decides, lay the power to appoint. To award a salary to one who is acting in violation of law, simply because he performed certain duties, would seem to be unjust to law-abiding citizens, and will certainly tend to weaken the hands of the officers whose duty it is to enforce the law.

Ir seems now to be fully appreciated by the members of the Legislature that their action in approving and legalizing the compromise with the Atlantic and For Sale by E. E. PROWELL, Druggist Pacific railroad made by the Boards of Supervisors of Apache, Yavapai and Mohave counties was, to say the least, hasty. Many of them begin to appreciate that it is giving a premium for the obstruction of law, and that it is unfair to other railroads and big corporations, who have heretofore promptly paid their taxes. It had been represented to many of them that the Atlantic and Pacific railroad had done its, best to bring to trial the Apache county cases in the United States Supreme Court, and they are now amazed to learn that the Atlantic and Pacific had of their own motion dismissed these cases from the Supreme Court. For the compromises made with Court. For the compromises made with the Boards of Supervisors, before our Territorial Supreme Court declared them to be illegal, there might have been a slight pretext for a claim, but for the compromise made with the Apache Board there cannot be the slightest pretext even if it was not a contempt of the Territorial Supreme Court, which had the question under advisement, if they had not already published their decision adverse to the authority of the Supervisors to act. By the dismissal of the case in the United States Supreme Court case in the United States Supreme Court the judgment in the Apache county cases became final and it only remains for them to take out an execution to collect their money. Then why should the Legislature make this donation to the Atlantic and Pacific, who own more property in this Territory than any other corporation in it and yet pay less taxes in proportion than any other one. If this act becomes a law the Atlantic and Pacific will of course continue to refuse to pay taxes in the future as they always have in the past, and now that they have dismissed the case from the United States Supreme Court, it will be years before there can be any prospect of a decision that would be final. Suppose all the other large corporations, seeing the success of the Atlantic and Pacific, should conclude to take the same course it would almost bankrupt the Territory, and yet why should they not do so? By the dismissal of the case by the United States Supreme Court the Atlantic and Pacific confess judgment, and plainly show that they dare not let their claims be tested by the court of last resort.

WHILE the selection of men to fill the various territorial offices is still in abeyance it is well to consider the merits of the present officials and the luty the Republican party owes them. When the administration of C. Meyer Zulick suddenly came to a close, by the chopping off of the official head of that gentleman, his co-laborers entere! into a conspiracy to fasten themselves upon the Territory as an enduring fungus, and it was only after the most bitter fight and rigid application of legal methods that they were removed. The object was openly stated to be, at the time, to hold over until the present time. Then a superhuman effort was to be made to get a majority of the Council of 1891, and thus all nominations made by the Governor now would be rejected and the infamous administration of C. Moyer Zulick would go on indefinitely. However, for the good of the Territory, the conspirators were beaten at their little game. One by one, the appointees of the gentleman from New Jerse; were To Joe Porterie's assay office, corner of :::: called into court to show causs why

THE ARIZONA REPUBLICAN, they should not give up the offices to which their term of office had legally Applicles expired. Every movement to oust them was fought with a bitterness worthy of a just cause, instead of an unlawful one, but at last they had to obey the law and give way. Naturally enough such men felt bitter towards those who succeeded them and, aided by a few so-called Republicans, have continued to carry on the most bitter and venomous warfare THE REPUBLICAN has its own SPECIAL WIRE ever witnessed in politics. The fact is Know All Men by these Presents: in the Territory today. Such men as for that purpose sign, adopt and acknowledge Attorney-General Churchill, Auditor in triplicate the following Articles of Incorpo Hughes, of Tucson, and others, deserve retention in office at the hands of their party. It was not until long after they

No beer, no wine, no malt extract to compare with it in nourishing strengthenits; and refreshing effects. (See the multitude of letters received continually from all over the country ordering and extelling it.) What is Koumiss they ask.

We take iresh morning's milk as it comes from the dairy, pure and sweet mix it with the proper fermenting materials, in proper proportions, bottle it, lay it away from six to twelve weeks--and that is all.

These southes, when tapped with a champagne tap, yield a beverage of the greatest refreshing and nourishing qualities.

It is without doubt the finest inverage in the world, relished alike by sick circulation is so systematized that it and well, but to the invalid or convalescent it is a great boon. It is borne reaches its subscribers in all the imporwell by the stomach when no other food can be taken. Many sick persons, especially consumptives and dyspeptics in various parts

of the country, are now living wholly or in part on Koumiss, and we are in constant receipt of letters from both physicians and patients expressing the greatest satisfaction with it. The expressions of a few well known physicians we give. Dr. J. Murphy, in speaking of Koumiss, says: "It will be particularly efficacious in broken down, nervous systems, and

when the assimilating function of the stomach has been impaired by disease or excess. In chronic lung affection, unfortunately so common in this district, it promises to fill a want which the physician has been impotent to supply. In the above affections and others associated with weakness I would highly recommend its regular and persistent use."

Dr. I. W. Johnson says: "Dyspepsia is often cured by the use of Koumiss alone, it affording sufficient nourishment for the system without taxing the stomach in its digestion. I have been exceedingly gratified with the use of Koumiss in all cases where there is difficulty in assimilating the food. E. E. Prowell makes an excellent article, and as a beverage it excels the vinous or malt liquors."

Dr. Wm. Pepper, Professor of Clinics in the University of Pennsylvania, reports a number of cases of extreme debility, of consumption and of diabetes, which appeared to be completely cured in a short time by the use of Koumiss. Dr. J. A. Bumstead, of Decatur, writes us that he has used and prescribed the Koumiss of several different manufacturers, but has never found any equal to

that of E. E. Prowell. "Prowell's Koumiss is the best remedy for weak stomachs that I have ever used during my fifteen years of practice."-Dr. C. F. Weston, Des Moines, Iowa.

Our Koumiss is put up in quart bottles. Price per glass, on draught.....

A tap is necessary for drawing Koumise. Orders from a distance should be accompanied by postoffice order or draft. In summer ship Koumiss only by express.
